

# 7000 | VERTICAL PANEL SAW

*A heavy duty machine for high production cutting operations*

Heavy duty induction motors allow you to cut endlessly with an option of single or three phase power. All of our machines are built to last; the 7000 series gives you that extra motor efficiency with little to no maintenance required. Longevity within the 7000 is made possible by high induction motors supported by US precision machined components .

The [7000 Panel Saw](#) cuts horizontally and vertically, within .015" straight and square, up to 2" thick. Shops with multiple operators and continuous cutting operations will see a strong return on investment with this machine.

Accessories built into the price of this machine include: [dust collection kit](#), [wheels](#), [5' \(right\) & 8' \(left\) QUICK STOP®](#), [saw blade](#).
