DC-200CAN 2HP 1PH Canister Dust Collector

DC-300CAN 3HP 3PH Canister

DC-500CAN 5HP 3PH Canister

DC-200CAN	2HP 3PH Canister Dust Collector
DC-300CAN	3HP 3PH Canister Dust Collector
DC-500CAN	5HP 3PH Canister Dust Collector

Features:

- Heavy sheet metal frame and base.
- Extra large radial-fin type steel impeller for high efficiency air flow.
- Heavy-duty totally enclosed industrial motor for maximum air suction and extended service life.
- Quick release clamps are used to tighten the bags; this helps to reduce the down time when doing maintenance.
- Low sound levels to keep the working area quiet.
- Newly designed with top canister (cartridge) filter for quick and easy cleaning.
- 5 times the filter area over the standard cloth filter bag allows much higher air suction power.
- 1 Micron polyester filter to prevent the finest dust exhaust from filler again.
- To clean the canister, just rotate the handle which includes an internal flapper to shake the buildup of the fine particulate material loose, allowing it to fall into the storage bag.
- Includes sheet metal base with caster.
