SM-3006 4' x 6' 3-Side Planer, Moulder

Features:

- Our most cost effective small to medium shop push-feed moulders.
- If you try to run your short runs of special moulding at lower prices, this machine could be your answer.
- Solidly built with cast and steel plate construction, this is one moulder that will give you a foot up on the competition at an affordable price.
- Precision cast and steel plate construction to ensure a smooth finished product.
- Two vertical and one 1 1/4" horizontal spindle driven by individual industrial motor allowing smooth cutting on three surfaces simultaneously.
- Alloy steel spindle for durability usage.
- Two power infeed rollers feed the material to push previous pieces through moulding process then comes out from the end.
- 2 belts driving at each spindle for maximum cutting power.
- Top and side pressure hold down to ensure smooth finish.
- Industrial full power motor for maximum cutting capacity.
- Precision sealed long-life bearing.
- Heavy cast iron frames and table for durability usage.

SPECIFICATIONS	SM-3006
Table Size	47" L x 10" W
Moulding Capacity (Max.)	6" W x 5" H
Moulding Capacity (Min.)	¼" W x ½" H
Top Spindle Size	35 MM x 6" L
Side Spindle Size	1¼" x 3½" L
Spindle Travel	3"
Spindle Speed	7000 RPM
Feed Speed	10' ~ 56'
Max. Cutter	5"
Spindle Motor	5 HP x 1, 3 HP x 2
Feed Motor	½ HP
Voltage	220 V, 3 PH
Dust Hood	4" x 4"
Overall Dimensions	51" L x 43" W x 41" H
Top Pressure Rollers	2
Side Pressure Rollers	3
N.W.	1210 LBS
G.W.	1550 LBS

(Training and installation, tooling & rigging are optional)
 (Customer is responsible for local regulations and connecting utilities)
