CL-1006 Auto Copy Lathe

CL-1006S Auto Copy Lathe with Sander

Options:

- CL-1248HS 48" SPINDLE SANDER
- CL-35CS DOUBLE END ROD CUT OFF SAW

Features:

- Use the template to make easy duplicate copy performance.
- Specially designed for processing wood with under the length of 39 1/2" & diameter of 8 1/4".
- Runs automatically continual cycles from feeding to finish.
- Variable cutting speed controls and uses hydraulic power to get best driving and cutting force.
- Performs exact positioning setting for wood materials and operates very efficiently.
- Besides the two rough cutters, the machine also coordinates with profile-type blades for the fine finish shape cutting.

- The centralized control panel provides convenient operation of the machine.
- Industrial full power motor for maximum cutting capacity.
- Precision sealed long-life bearing.
- Heavy cast iron frames and table for durability usage.
